MESSAGE FROM THE VICE CHANCELLOR UNIVERSITY OF SRI JAYEWARDENEPURA

**SENIOR PROFESSOR PATHMALAL
M. MANAGE
VICE CHANCELLOR,
UNIVERSITY OF SRI
JAYEWARDENEPURA**

It is with great pleasure that I extend my warmest greetings to all of you gathered for Dhaara 2026.

A university is not only a place of learning, but a space where young minds are shaped, dreams are nurtured, and futures are illuminated. While academic excellence remains our foundation, it is through creativity, expression, and the arts that we truly discover the depth of human potential.

Dhaara 2026 serves as a valuable platform for student expression, where creativity, talent, and imagination are encouraged and showcased.

Such initiatives play a vital role in enriching university life, creating balance between academic pursuits and creative engagement. They also strengthen unity among students and encourage a vibrant university culture rooted in collaboration and mutual respect.

The arts have a powerful ability to heal, to inspire, and to unite. In moments of expression, students find not only confidence but also clarity, resilience, and emotional strength. These qualities are essential in shaping individuals who can contribute meaningfully to society with empathy, integrity, and vision.

I wish to commend all participants for their dedication and courage, and I extend my sincere appreciation to the organizers for their commitment and hard work in bringing this vision to life.

May Dhaara 2026 be a celebration that inspires hearts, ignites creativity, and leaves behind memories that will continue to shine in the journey of every participant.

MESSAGE FROM THE CLUB ADVISOR

**MRS. CHATHURANGANI
THENNAKON**
**SENIOR CAREER ADVISOR,
CAREER GUIDANCE UNIT,
UNIVERSITY OF SRI
JAYEWARDENEPURA**

"Facilitating uplifting aesthetic skills can help students to develop their aesthetic sensibilities, maximize their artistic and creative potential, produce more and higher-quality works of art, and help to reduce stress. Therefore, Flair Club was introduced a few years back for the Undergraduates of the University of Sri Jayewardenepura as an art circle to give high value to facilitating undergraduates to develop their skills in aesthetics at the university. Therefore, this platform is highly valued for students who are studying in other disciplines which have limited facilities to develop aesthetic skills such as Science, engineering, etc. The Flair Club carries out different projects annually in order to uplift the undergraduates' talents in Music, Dancing, Arts, and drama at various levels.

"Dhaara" is a new experience for the Flair club and this program helps to facilitate the best-talented students who have the ability to sing professionally. These selected best talents had been guided by professional artists and brought their talents to "Dhaara". These outstanding undergraduates are going to be introduced as the best artists of USJ and awarded their talents by the "Dhaara" Young Artist Awards.

Thank you so much for all the support given by the artists, sponsors, academics, non-academics, and the students of the university to bring this amazing event. "

MESSAGE FROM THE CLUB PRESIDENT

**KAVINGA ANJANA
THE PRESIDENT
OF FLAIR CLUB
UNIVERSITY OF SRI
JAYEWARDENEPURA**

When we started this journey, the Flair Club set out to create more than just events, we thrived to create moments that celebrate artistic expressions. From Rhythm to Personality, Nachna, G-Tune, Theatro, and Susara Thelithuda, each project was a step towards something greater, where talent is embraced, voices are heard, and dreams are given a chance to shine.

Our next grand step takes center stage as DHAARA 2026. Dhaara is far more than a singing competition. It is a grand celebration of voice, a testament to courage, and a tribute to every university student who dares to dream out loud. Dhaara 2026 stands as a living proof of what we can achieve together, shaped by passion, dedication, and countless hours of hard work united by music and teamwork.

From the first note in auditions to the final performance in the grand stage of Nelum Pokuna Mahinda Rajapaksa Theatre, this journey is built on belief in student talent, and their potential to shine. What makes Dhaara truly special is not the spotlight itself, but the people behind it, the team who work tirelessly, the mentors who share their wisdom, and each one of you who believes in this vision.

We warmly invite each of you to join this grand celebration of student talent. Your generous support and participation not only fund an event, they fuel futures, champion student talent, and help build a legacy where every voice can shine.

As the President of the Club, I extend my heartfelt wishes to every talented competitor stepping onto this grand stage. Further, my deepest gratitude goes to our organizing committee and my executive board, whose tireless efforts have woven this dream into reality, and to our incredible Flair Band and dance crew, whose artistry will elevate the Dhaara 2026 Grand Finale into something truly spectacular.

Let your voice be heard. Let your talent flow. And let us remember that the strongest melodies are created not by one voice, but by many, harmonizing as one.

DHAARA INTRODUCTION

“Dhaara” is a unique singing competition at the University of Sri Jayewardenepura that began in 2023 to provide students from all faculties with a collaborative platform to showcase their talents. While some students receive formal artistic training, many lack opportunities for creative expression and teamwork both of which are vital for developing well-rounded individuals. The initiative encourages physical artistic engagement, strengthens collaboration, and nurtures emotional well-being within the university community.

“Dhaara 2023” achieved remarkable success with guidance from renowned Sri Lankan musicians and participation across faculties, highlighting singers, instrumentalists, and dancers alike. The competition promotes essential soft skills such as leadership, problem-solving, and event management, while also supporting community-focused CSR initiatives. Through artistic practice, students build discipline, confidence, and resilience while reducing academic stress.

Following its strong debut, “Dhaara 2024” was conducted for the consecutive second year, reinforcing the event’s sustainability and growing popularity, with over 1500 students showcased since its inception. Organized by the Flair Club of the University of Sri Jayewardenepura, the program has become a flagship cultural initiative. To enhance consistency and long-term impact, the organizing committee is now planning to conduct “Dhaara” in 2026 for the third time, further establishing it as a signature event of the university.

MAIN OBJECTIVE

The main objective of providing exclusive, event management-based training for undergraduates is to empower students to pursue non-traditional creative career pathways by equipping them with practical, industry-relevant skills, real-world exposure, and professional competencies. This training aims to bridge the gap between academic learning and labor market demands, foster entrepreneurial and freelance mindsets, and enhance employability by offering hands-on experience through large-scale events. Ultimately, the objective is to enable undergraduates to transition confidently into diverse creative, technical, and managerial careers, thereby contributing to the reduction of graduate unemployment and supporting the growth of the national creative economy.

DASITH LAKPURA
FACULTY OF MANAGEMENT

JAYEWARDENEPURA

"My name is Dasith Lakpura, a final-year undergraduate of the Faculty of Management Studies and Commerce. I was honored to become the winner of Dhaara 2024 and to receive the prestigious Dhaara Young Artist Annual Award. The experience I gained on this massive stage was truly transformative, allowing me to sharpen my performance skills, build confidence, and grow both personally and artistically.

Participating in Dhaara opened new doors for me and inspired me to challenge myself further. Encouraged by the exposure and professional guidance I received, I went on to compete in Derana Dream Star Season 12, where I was proud to be selected among the final eight competitors. This journey would not have been possible without the platform Dhaara provided.

Dhaara is an incredible initiative that recognizes raw talent, nurtures artistic excellence, and empowers students to pursue their dreams. I am deeply grateful for the opportunity and strongly encourage other students to take part in this extraordinary competition that continues to shape the next generation of performers."
